

7th Annual Walk for Scleroderma

June 1 through 29, 2021
Manitoba

Help us raise funds for patient
support and research to
benefit patients in Manitoba

The Annual Walk for Scleroderma in Manitoba is held each year during June – Scleroderma Awareness Month - to raise awareness of this disease, and to raise funds for patient support and research into better understanding and treatment, and ultimately a cure.

This year we are holding a Virtual Event – you may walk, run or ride throughout the month of June, whenever and wherever it is most convenient.

Our goal is to collectively achieve a distance of 2021 km – the distance of a round trip from Winnipeg to Churchill, Manitoba.

To Register for the Walk:

Online: sclerodermamanitoba.com/walk-for-scleroderma-2021/

Call: 204 510-2855
